JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 16 October 1968

25X1

25X1 2. [REDACTED] Called Mr. Jack Stempler, Assistant to the Secretary of Defense for Legislative Liaison, and discussed some common problems including upcoming European trip on which Stempler is escorting and making arrangements for Senator Stennis. I said we would like to offer the Senator a briefing prior to departure and invite him to call [REDACTED] if he so wished, although I realized the trip was primarily a DOD matter. Stempler said this was entirely agreeable.

25X1 I called Stan Kimmitt, Secretary to the Senate Majority, who is also accompanying Senator Stennis and making some of the arrangements, to tell him of the foregoing. Kimmitt suggested I contact the Senator's office in order to arrange a meeting with him.

Page 2

25X1 [redacted] Called Senator John Stennis' office and learned that he is now in Mississippi and will not return to Washington before his trip. I tried to call him in Mississippi, but was unable to reach him.

25X1 [redacted] On the advice of DDCI, I called Mr. Murphy, Deputy Staff Director, Joint Committee on Atomic Energy, to suggest that he might call Fredrick S. Wyle, Deputy Assistant Secretary, ISA, in the Department of Defense, [redacted]

25X1

[redacted] Murphy thanked me but said he was not optimistic that he could get anything out of Wyle.

Murphy said he was "sure" that [redacted] must have some information about the development of the case and asked if we couldn't query them by cable for a status report. I said we would find out what we could.

25X1

25X1 Murphy said that the Director would undoubtedly be called upon to testify before the JCAE early in the year and that he should expect them to be particularly interested in the Agency's performance in keeping abreast [redacted] regardless of whether the new chairman was Representative Hornum (D., Calif.) or Representative Hosmer (R., Calif.).

25X1 [redacted] At her request sent the Agency's professional employment brochure to Mrs. Evelyn Pali, in the office of Representative Paul Findley (R., Ill.), for use with a constituent who is interested in Agency employment.

25X1 [redacted] Met with Mr. Robert Michaels, House Appropriations Committee staff, in response to his query concerning [redacted] and provided a brief outline of the status of the agreement. (See Memorandum for the Record for details.)

25X1

Briefed Mr. Michaels on the ASW exercises of the Soviet helicopter carrier Moskva, North Korean underground storage, aircraft parking, and maintenance facilities, the current situation in Panama, and indicators of Soviet leadership problems.
